

OPS Bulletin

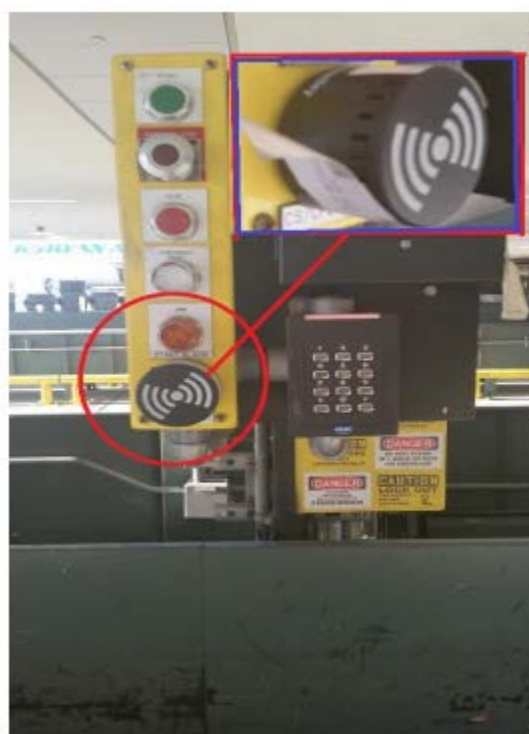

Tampering with Baggage Handling System (BHS) Safety Equipment

June 30, 2019

Covering, removing, damaging or in any way tampering with the alarm speakers on the Inbound Carousel Control Panels is strictly prohibited.

Since the alarm speakers are tied to the Airfield Security System and are classified under the ACAMS System, tampering with them in any way is a federal offense.

Any person found tampering with the BHS alarm speakers will be subject to civil action.

As per the LAWA Rules and Regulations, violating the policies in this alert can result in the following disciplinary actions:

- Defacing, tampering or vandalizing Airport property, security systems, devices, or Airport issued ID badge – 4 points or badge confiscation
-
