Inbound Oversize Items

June 19, 2019

Oversize Specifications

Any item 54” or more in length, 34” or more in height, or 33” or more in width must be delivered to the FIS Area via Oversize Belt, elevator or stairwell.

Below are examples of oversize/oddsized items that are commonly encountered:

- Fishing Poles
- Surf Boards
- Bicycles
- Hockey Sticks
- Styrofoam Coolers
- Golf Clubs
- Pole Vaults
- Live Animals
- Any Item Lower than 2” in height
- Delicate/Fragile Items

It is critical that proper baggage hygiene is followed at all times when loading any items onto the Baggage Handling System (BHS).

To the left, the OS3 Belt for standard oversize items; to the right, the oversize elevator for live animals
