

No. 04

SAFETY ALERT

Remote Potable Water Refill Station

September 13, 2018

Remote potable water refill station is available besides POST 23 next to runway 6L/24R (north side of airport). Service providers will be required to supply their personal water hose in order to utilize the refill station. Refill station will NOT be equipped with a the water hose unit

This is a reminder for the TBIT Airlines and Service Providers, that in order maintain a clean and safe service, water hose units must be up-kept with proper sanitary guidelines to ensure no cross contamination.
