Co-Chairs: Allan Solorzano - GM, TBITEC
Viji Prasad - Director of Airport Operations, LAWA

Duration: 60 minutes

Agenda:

1. **Welcome and introductions – Viji Prasad**
 - Mike introduced Doug Webster to the community as the new DED for operations with LAWA
 - Viji welcomed the community and updated on the success of the Superbowl operations
-

2. **Safety Performance – Viji Prasad / Lew Winslow**

- Viji stressed the importance of safety being always at the forefront of everybody's mind
 - Lew updated the community on new stop signage being installed at Taxiway D8 and in service road areas, these are detailed in the full safety bulletin. Lew updated on works in progress to reduce aircraft cut offs. The next quarterly airfield safety meeting takes place on February 24th
 - Mike raised a question on the new yield signage being installed and Lew briefed on the works to make safety signage more intuitive
 - Noted that jet blast issues around bussing gates have now reduced significantly
-

3. **Operational update – Viji Prasad**

- Viji updated on operational performance. We are expecting a busy summer with covid numbers and restrictions receding and passenger numbers increasing
 - 2 new carriers are coming to LAX, Condor and Air Transat in May 2022
 - The new Baggage Operations Sub Committee is being launched in March to work closely with the community on improving baggage operational performance
 - Fred updated on the airport performance scorecard noting that OTP improved significantly against December 2021, with January seeing 79% OTP
-

4. **TSA update – Alejandra Tamayo**

- Alejandra updated on passenger numbers, T1 and T5 saw 210k in January and T1.5 saw 52k passengers, there were no big passenger waiting times and on the Superbowl night 6,300 passengers were processed over the weekend. Alejandra made a request to be informed on schedules for the incoming carriers, Rodney confirmed that TSA will be updated
-

5. **Airport Police update – Officer Ford**

- Officer Ford updated on a security breach at T1.5 and praised the response of G2 Secure
-

6. **Interline baggage update – Ron Smith**

- Kandi updated on interline baggage performance. Next interline conference call is on February 16th. VP clarified that numbers for TBIT and TBIT West are combined, Kandi to investigate if these can be separated

7. Service contract performance scorecard – Fred Tasker

- Fred updated on the service contract scorecard, noted that we are slightly under target in January on system availability and planned maintenance completed. Dwell times at bussing gates have improved in January

8. LAWA T1.5 operations update – James Janovec / LAWA Ops Team

- James updated on terminal operations and construction works. Lamp bridge construction is underway, and impact is being minimized. Works underway for Delta for T2.5 and T3. Delta are moving from T1.5 to T2.5 and the T1.5 to T2 connector will be closed. We have had recent LAFD inspections, and we must all remain vigilant to avoid any blockages of egress routes. Reduction of jet blast and odor issues at bussing gates. Gate 12A modifications underway
- Richard updated on landside operations. Superbowl 9th – 14th saw an uplift of 10% week on week. CTA traffic currently around 70,000 daily. Parking utilization has been good with CTA operating at around 75%. Parking works are almost complete. T3 ped bridge almost complete and 1.5 ped bridge works are upcoming for Feb - April
- Mario was unable to join the call this month
- Rodney updated on the bussing issue raised by James from Allegiant and this is being taken offline with Mario and Viji. In terms of ATM LAX is currently at around 1450 daily, compared to 1900 pre pandemic. 2 new carriers coming to LAX with Air Transat operating 3/ week to Montreal. Summer 22 is looking busy

9. TBITEC projects update – Jasmin Alcala

- Jasmin updated on Brock SSE with refinements currently being carried out. Local BSM generator for Allegiant and a pilot of Smart Pass. Full details are contained in the presentation pack
 - Janaye updated on the PBB safety works taking place installing repositioning and anti-collision systems, completion is expected in quarter 2. Double sided Cypher locks being installed on PBBs this week. PCA hose right sizing is underway. Full details are contained in the presentation pack
-

10. Airline partner updates – Allegiant / Sun Country / Viva Aerobus

- No other new items were raised
-

11. Action tracker review – Christopher Read

- Chris updated on open action items and the updated action tracker will be circulated
-

12. AOB and new items – Christopher Read

- No other new items were raised
